LOBSTER BAKE ON THE
BEACH

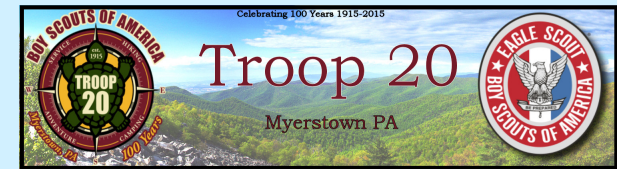

Preliminary plans are as follows:

We will depart on Friday evening via Amtrak from Lancaster train station at a time yet to be determined. We will change trains in Philadelphia after which we will travel overnight arriving in Boston Mass. early Saturday morning. We will board a charter coach in Boston for a 3 hour ride to Rockland Maine. After an overnight hotel stay in Rockland, we will board the Isaac H. Evans on Sunday, setting sail Sunday afternoon. 6 days and many exciting adventures later we will return to port and again spend Saturday night in the hotel. Sunday morning we will travel home via bus and rail service.

The Isaac H Evans accommodates up to 22 guests plus a crew of 4. If we have 22 participants from the Troop, the costs per traveler will be less than if we have fewer participants. For that reason we do not have a firm cost of the trip, however we will make every effort to keep costs as low as possible. For planning and budgeting purposes, I would at this time, use a figure of \$13-1500.00. per participant.

We will need to develop a firm roster of participants as soon as practical. It is also our intent to develop a monthly payment schedule to ease the burden of financing the trip as much as possible. Details will be forthcoming.

A Note of Caution - Because the cost of the trip is calculated based on a fixed number of participants, there will be no refunds. Once you commit to the trip you will be responsible for your share of the costs whether you go or not. Trip insurance may be available but that would be your personal responsibility.
